Hi Don,

Thanks. IAP forthcoming. I am going to move Charles into the official EU "lead" position since he is here and working through the weekend, but he and I both expect that he will be leaning on you pretty heavily for your experience and expertise from afar – does this sound ok? Charles said he didn't even want the title of "lead" but I told him it was his!

He is going to sync up with you here in a few minutes actually.

Thanks again for your heavy lifting so far.

JC

Jamie - We should be okay on the two bounce backs. Other staff from CRITFC are receiving and this was a general email that probably isn't needed at this stage, and Jason is receiving via a second email over the weekend.

Quite a summary...good job. Both on the summary and the path forward.

If I am elevated to EU lead, I should get more connected to the rest of the environmental unit. We should figure out how a remote lead would work if that is the case. Perhaps a coordination call with just those staff would be in order.

If you haven't already sent out...ship me a copy of the IAP and I will coordinate with Matt M. as soon as I can tomorrow AM...and we will sort it out.

Hope you don't get this until AM!

Don

Subject: Lindsey Lake liaison/email list

Hi all:

I added several addresses to the spreadsheet before I sent the update out this evening. I did get some bouncebacks in case these folks say they didn't receive our messages:

Jason.Seals@state.or.us (Jason.Seals@state.or.us)

The e-mail address you entered couldn't be found. Please check the recipient's e-mail address and try to resend the message. If the problem continues, please contact your helpdesk.

dispatch@critfc.org

Your message wasn't delivered because the recipient's e-mail provider rejected it.

Thanks you guys for putting this list together!

Jamie
